Any Other Information	Junk modelling- Please donate any clean and safe recycling to your class teacher (no items that have contained nuts/ sharps/ glass).

Please note this is a basic overview of the planning for this week. For more details, see the planning on the class notice-boards, class timetables and visual timetables.

It is impossible to cover in this outline all the learning that takes place during a week! We also believe in listening to your children and responding to the children's interests and ideas therefore all our planning is **very** flexible. Please note some of the learning will take place across more than one week and during some weeks the learning focus may not cover all curriculum areas.
