

To celebrate Easter we are challenging you to complete 3 competitions over the next few weeks.

All you need to do is to choose one or more of the activities and get creative. Send your entries to your class email or post on our twitter feed.

So get creative!

Plant a sunflower seed.

Measure it every day. You could keep a diary to see you much it has grown. Don't forget to give it everything a plant needs.

Take photos and by May half term we will see who has the tallest sunflower.

Maybe you can compete against your family members too and see who has the greenest fingers!

Easter Bonnets.

This is a chance to use all that recycling that's building up!

Can you make a beautiful bonnet to celebrate Easter using as much of your recycling as you can?

Post your photos of you wearing your 'eggcellent' creations on our twitter feed or email to your class teacher. We will judge all entries after the Easter break.

Reading Challenge:

How many can you do? Points for completing them all, extra points for the most creative and interesting photo. Send photos to your class email.

Read a recipe. An extra point for making it.

Read in bed.

Read to someone in your family (pets count!)

Read by torchlight

Read an e-book

Read under a tree.

Read a joke book. An extra point for learning a joke and videoing yourself telling it.

Read a poem in your PJs

Read wearing an Easter costume.
