

Activity 2 Fact Families – writing 4 number sentences.

Challenge - Can you write 4 number sentences for these numbers?

4, 8, 12

$$\square + \square = \square$$

$$\square + \square = \square$$

$$\square - \square = \square$$

$$\square - \square = \square$$

Can you write 4 number sentences for each set of numbers without the boxes?

15, 25, 40

1, 19, 20

16, 10, 6

77, 7, 70

Super challenge! Can you write your own addition calculation? Check your answer. Now write 3 more number sentences to complete the fact family. If you would like to, do some more using numbers to 100.
