Activity 1 – Making a tally chart.

Vocabulary:

data
- collection of information
- usually gathered by observation, questioning or measurement
- often organised in graphs or charts for analysis
- may include facts, numbers or measurements.

Tally charts are a systematic way of recording data. Here is how we record tallies. What do you notice about the groups? How would we count these?

1	I	6	ЖЖ I
2	II	7	ЖЖ II
3	III	8	ЖЖ III
4	IIII	9	ЖЖ IIII
5	ЖЖ	10	ЖЖ ЖЖ

How would you show 6 as a tally?

How would you show 11 as a tally?

How would you show 18 as a tally?

Write in the totals for the tally chart below.

Favourite Colour	Tally	Total
Blue	ЖЖ III	
Red	ЖЖ ЖЖ II	
Yellow	II	
Green	III	

Which was the favourite colour? Which colour was the least favourite?

Which colour got more than 10 votes?

Which colour got one more vote than yellow?

Statistics - w/c 01.06.20

Fill in the empty boxes on this tally chart.

Year Group	Tally	Total
Year 1	IIII IIII	10
Year 2		19
Year 3	IIII IIII IIII IIII II	
Year 4	IIII IIII IIII II	17

How many children are there in Year 1?

Which year group has the most children?

Which year group has the least children?

How many children are there in Year 1 and 2 altogether?

Make a tally chart of your own. It can be about anything you like! Maybe you would like to ask your family what their favourite animal is? Or favourite football team? Or favourite flavour ice cream? It is up to you! Maybe you can phone or message other friends and family and ask them too!!!
