

### Ladybird by Liz Brownlee

Round, red ladybird in the flower pots,  
Walking up the leafy stems in her polka dots,  
Twice as nice and useful despite her tiny size,  
She decorates the garden and eats up all the flies!

### What do you do on a Nature Walk?

*By Kate Williams*

We have an adventure, that's what –  
crunching through the undergrowth,  
dodging thorns and stings,  
leaping logs and bridging bogs,  
looking out for things:  
birds and frogs and shy hedgehogs  
and flies with fairy wings,  
and slimy slugs and tiny bugs –  
whatever nature brings!
