

Hello

We are really excited to welcome you back very soon!

We wanted to tell you what school will be like when you come back...

You should ask your adults at home to help you read this as many times as you like.

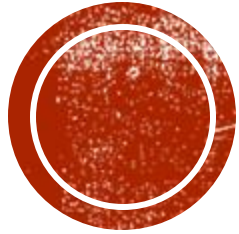

There are lots of adults waiting to say hello.

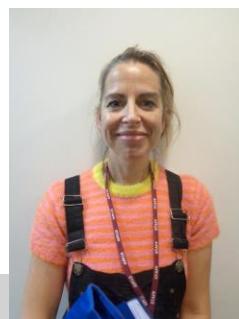

They are here to help you know what you need to do, to learn and to have fun!

Here are some of the adults you might see...

How many adults can you name?

Do you know where they work and what job they do?

HOW MANY DID YOU GET RIGHT?

You might have some questions or something you want to tell us when you come back to school.

You can ask an adult at home to help you draw or write these. You can bring them to school with you to share with the adults.

You could include

- *things you are looking forward to...*
- *things you might need help with...*
 - *any questions?*

**We will write to you again soon to
give you a little bit more
information**

Until then.... see how many of us you can spot in the school video....
