

# Hassocks Infant School

A parent and carers guide to Jigsaw Time  
(PSHE and Relationship Education)

---

## Hassocks Infant School

★ Explore   ★ Respect   ★ Flourish

## **Why teach Relationship, Sex and Health Education?**

From September 2020 The Department for Education (DfE) is making Relationship and Health Education compulsory for all primary schools in England and Relationships, Sex and Health Education compulsory in all secondary schools in England. The changes aim to ensure our children are equipped with the skills and understanding to make informed decisions about their wellbeing, health and relationships to support them to create a happy and successful adult life.

***“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way”.***

DfE, 2019

At Hassocks Infant School, Relationships and Health Education is taught within our whole-school PSHE Programme which is known as Jigsaw Time.

## **What is Jigsaw Time at Hassocks Infant School?**

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children’s learning in this vital curriculum area. It brings together Personal, Social, Health Education, emotional literacy, social skills and spiritual development into a comprehensive scheme of learning. This time provides our pupils with the knowledge, skills and attributes they need to keep themselves healthy and safe.

## **Why does Hassocks Infant School believe Jigsaw Time is important?**

The staff at Hassocks Infant School believe Jigsaw Time is important because it...

- *supports children to make informed choices*
- *enables children to know how to keep themselves safe and healthy*
- *helps our children develop happy and healthy relationships*
- *develops children’s self-esteem and self-identity*
- *helps children recognise we live in a diverse world and to embrace this*
- *helps our children develop a happy and healthy mind*
- *supports children to identify when they need to seek help and how to do this*
- *supports children to understand ways to reduce anxiety*

## **Why are Mindfulness techniques used within Jigsaw Time?**

As part of our Jigsaw Time approach, the children will actively engage in Mindfulness activities. At Hassocks Infant School we believe by providing our children with Mindfulness opportunities we are supporting our children’s concentration, lessening their stress and anxiety and allowing children to regulate their emotions.

## **Where does West Sussex Education’s Safety Curriculum fit in?**

West Sussex have developed a Safety Curriculum to support this area of learning. At Hassocks Infant School we recognise we need to respond to various personal, emotional and health needs of our children as they occur. Therefore, in addition to the above “puzzle” areas, teachers will use their ongoing assessments to provide additional sessions supported by the West

Sussex “Education4Safety” curriculum, to respond to social and emotional needs arising for individuals and groups of children.

**What is covered during Jigsaw time?**

<b>Jigsaw Content Overview (Reception to Year 2)</b>			
<b>Jigsaw areas</b>	<b>Reception</b>	<b>Year 1</b>	<b>Year 2</b>

## **Other areas supported within Jigsaw Time**

Jigsaw offers a full Personal, Social, Health, Relationship Education curriculum, while supporting and promoting a range of other areas within school life, such as:

- Further promoting Safeguarding:
  - o Jigsaw Time supports development of resilience, positive self-esteem and confidence in children, so that they can recognise when they feel uncomfortable in a situation and know who to trust and how to speak up for help.
  - o They respect themselves and their bodies and know what healthy relationships feel like.
  - o Jigsaw empower children to speak up and get help if needed and to know how to keep themselves safe.
- Further supports our duty within the Prevent Duty:
  - o Jigsaw Time enables children to explore similarities and differences. The children learn about the importance of celebrating differences.
- Promotes British Values.
- Therapeutic support for children by providing a universal whole-school curriculum that builds social skills.
- Grows emotional literacy.
- Enables positive mental health.
- Supports SMSC (Spiritual, Moral, Social, Cultural) development.
